COCKTAIL RECEPTION

June 10, 2026

5:30 PM-9:00 PM

Pacific Time

Please join us for a private cocktail reception bringing together a curated group of engineering executives for an evening designed to extend the day's momentum in a more relaxed, thoughtful setting. It offers space to reflect on what resonated, exchange perspectives with peers, and engage in candid dialogue around engineering leadership, platform strategy, and developer experience.

This gathering creates an opportunity to connect with others navigating similar challenges, turning fresh ideas into meaningful conversation.
